Insert new light cable

Install new light panel

Luminous unit	Φ100mm
Shell material	Engineering plastics
Product weight	About 1.25 KG
dimension	495*185*100 mm
Package size	575*270*240mm
Power source	Constant current power supply
Operating voltage	AC 176V ~ 264V
Operating frequency	48HZ ~ 52HZ
Insulation resistance	≥500MΩ
Operating temperature	-40℃ - 80℃
Class of protection	IP53
Service life	>50000h
Vibration resistance	Meet the requirements
Wind pressure resistance	Meet the requirements
